Gray Ash Vinyl Pro Classic

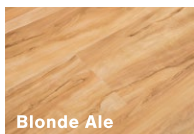

Timeless Beauty. Uncompromising Strength.

CALI presents the next generation of Cali Vinyl[®], remastered for extreme commercial grade durability. Cali Vinyl Pro is special forces flooring made for the professional who demands domineering strength, faster installations, and 100% waterproofing. A fortifying GeoCore[®] layer delivers next-level toughness, allowing for zero acclimation and a stronger, faster locking system. Flooring installs in half the time of other luxury vinyl planks and is shielded by an extra thick 20mil industrial-grade wear layer. Not one to sacrifice beauty for brawn, Cali Vinyl Pro features the most realistic wood grain colors, details, and textures, with twice as many unique planks for an authentic hardwood look and feel.

Nantucket Harbor Vinyl Pro Classic

Leaner & Meaner

Designed with the commercial installer in mind, this ultra strong drop-lock system is easier to snap together, meaning flooring can be laid in half the time.

GeoCore: Bad to the Bone

This backbone of limestone composite resists indentation and delivers 50% better dimensional stability (less expansion and contraction), meaning no transition pieces are required.

Fear No Moisture

A more muscular construction translates to 100% waterproof flooring over any type of subfloor, and zero acclimation even in below-grade installations.

Strong is Beautiful

Improved HiFi Imaging technology delivers richer colors and even more intricate detail, from distressed grays to warmer browns and deep exotic grains.

Accessories

Grain	HiFi Imaging®
Plank Length	48 inches
Plank Width	7-1/8 inches
Plank Thickness	5.5mm
Wear Layer	0.5mm (20mil)
Sqft./Box	23.77 sqft.
Milling	Click Lock (Rapid Locking System)
Construction	100% Waterproof GeoCore (SPC Composite)
Installation Method	Floating, Glue Down
Sound Rating	<i>With Cali Complete:</i> STC 61 & IIC 65 <i>Without Underlayment:</i> STC 62 & IIC 48
Indoor Air Quality	Low Emitting VOC & Prop 65 Compliant (VOC and Phthalate Test Results Available Upon Request)
Warranty	50 Year Residential 15 Year Commercial
Fire Rating	Class A
Radiant Heat Compatible	Yes (up to 85°F)
